REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claim 1 is allowed. No prior art discloses the claimed invention with a spin-on glass layer formed *in the trench* upon the polysilicon liner. Tran teaches a polysilicon gate layer, rather than a polysilicon liner in a trench isolation structure.

Claim 18 is allowed. No prior art discloses the claimed invention with the baking step performed after the step of forming the dielectric layer on the polysilicon liner. Ranade et al. discloses a thermal process in the formation of the dielectric layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
